

Snetterton Race Track Marathon 2018

Snetterton Race Track Marathon, November 18th, 2018

This is a test event, so this year it is limited to 150 runners.

The Snetterton Race Track Marathon takes place at the iconic Snetterton Race circuit. The circuit has been recently extended to 5km, using the entry and exit roads we have produced a pristine 7km lap. This is one of the best opportunities to run a traffic free marathon on excellent roads in East Anglia. There will be absolutely no traffic, no pedestrians and no dogs! Although gently undulating, the course has consistently delivered a huge percentage of PBs for our half marathon and 10k events. The looped nature of the course makes it an ideal location for spectators (all are welcome!) as well as an easy event to judge your pacing to perfection.
